## Management Report

*(The management report also includes the Corporate Governance Statement)*

### Activities

During the year from 1 May 2019 to 30 April 2020, Landmark Capital S.A. (the “Company”) has created 78 active compartments pursuant to its Secure Note Programme established on 28 April 2016 and updated on 11 December 2018. Each compartment has issued its own debt instruments (the “Notes”) and these have been issued as fixed, floating or zero coupon instruments backed by and linked to the performance of government or corporate obligations (the “Collateral Assets”) as well interest rate swaps/cross currency swaps, credit default swaps, total return swaps, asset swaps and swaptions (the “Swap Agreements”). The swap counterparties for each compartment are Credit Suisse International and Credit Suisse AG, Singapore Branch. Each series of debt instruments has been issued from a separate compartment of the Company.

During the year from 1 May 2019 to 30 April 2020, 78 new compartments were created and Notes issued by the Company; 80 compartments matured resulting in the amount of existing compartments to stay reasonably consistent year on year. The profit and loss remain neutral with the exception of the minimum fee of EUR 50 per compartment which is issued. Any performance or remuneration of the assets is passed through to the swap counterparty and/or the noteholders. Running expenses of the Company are reimbursed by the arranger.

During the year the following compartments had portfolio adjustments: 2017-35, 2018-04, 2018-31, 2018-39, 2018-72, 2018-83, 2019-06, 2019-08, 2019-09, 2019-14, 2019-25, 2019-26, 2019-28, 2019-29, 2019-30, 2019-31, 2019-34, 2019-43, 2019-44, 2019-45, 2019-49, 2019-50, 2019-57, 2019-6003, 2019-6004, 2019-6005, 2019-62, 2019-65, 2019-68, 2020-01, 2020-02, 2020-03, 2020-06.

Subsequent to the year end, the Company has continued to create further compartments for the issuance of further debt instruments – these are listed in Note 21. It is anticipated that the Company will continue to create further compartments and issue debt instruments for the foreseeable future.

### Principal Risks and Uncertainties

A discussion of the principal risks and uncertainties faced by the Company in relation to the Notes, the Collateral Assets and the Swap Agreements which constitute the financial instruments of the Company is set out in Note 16 - Financial Instruments and Associated Risk and a full list of the compartments can be found in Annexure 1 to the annual accounts.

In the first months of 2020, a pandemic of coronavirus disease 2019 (COVID-19) spread around the world, leading to numerous cases and casualties and causing an economic instability. At the date of approval of these annual accounts, it is too early to assess the potential economic and financial impacts of the pandemic that may significantly impact the Company.

### Internal Controls and Risk Management

The Company is regulated by the Commission de Surveillance du Secteur Financier (the “CSSF”), as such the Company is subject to specific reporting requirements in respect of both year end and half yearly financial reporting. The financial reporting of the Company is carried out by the Company’s administrator in line with the Corporate Services Agreement, therefore the main features of the internal control and risk management systems implemented in respect of financial reporting are in place at the administrator.

## Management Report (continued)

The Directors of the administrator ensure that the control environment in respect of financial reporting is maintained in accordance with the administrator's internal and compliance procedures, at all times this will be in compliance with the administrator's Regulated Business Procedures Manual ("RBPM") which outlines the relevant controls, processes and procedures which should be maintained and adhered to. An ISAE 3402 report also covers the IT-controls in place at the administrator which form part of the Company's controls over financial reporting.

No holders of any of the securities issued by the Company have any special control rights. No instruments shall be issued on terms that entitle the holders of any tranche of instruments to participate in the assets of the Company other than the assets (if any) of the relevant compartment. If the realised net assets of any compartment are insufficient to pay any amounts otherwise payable on the relevant tranche in full accordance with the terms and conditions of the Notes, the relevant holders shall have no claim against the Company for or in respect of any shortfall and shall have no claim against any other compartment or any other assets of the Company.

Each director has been appointed by the Shareholders of the Company. A Director may be removed with or without cause and/or replaced, at any time, by resolution adopted by the general meeting of Shareholders. In the event of vacancy in the office of a director because of death, retirement or otherwise, the remaining directors may elect, by majority vote, a director to fill such vacancy until the next general meeting of shareholders.

The Board is vested with the broadest powers to perform or cause to be performed all acts of disposition and administration in the Company's interest, including the power to transfer, assign or dispose of the assets of the Company or any compartment, in accordance, where applicable, with the conditions of the relevant compartment. All powers not expressly reserved by the Law of 10 August 1915 on commercial companies or by the articles of incorporation to the general meeting of shareholders fall within the competence of the board.

The board can deliberate and/or act validly only if at least the majority of the Company's directors are present or represented at a meeting of the board and if at least 50 per cent of the directors who are present at such meetings are resident in Luxembourg for tax purposes. The board may appoint one or more persons, who may be, but need not be, directors, who shall have full authority to act on behalf of the Company in all matters concerned with the daily management and affairs of the Company.

The articles of incorporation may be amended from time to time by an extraordinary general meeting of shareholder. The shareholders may only validly deliberate if at least 50 per cent of the shares issued and outstanding are present or represented at the extraordinary general meeting. Resolutions, in order to be adopted, must be approved by at least two-thirds of the votes of the shares present or represented.

The shareholder has subscribed and paid up for 31,000 shares, representing the total share capital of the Company. The Company may redeem its own shares within the limits set forth by law. The transfer of shares shall be made by written declaration of transfer registered in the register of the shareholders, such declaration of transfer to be executed by the transferor and the transferee.

## **Management Report (continued)**

The board duly notes that, based on Article 52 of the Law of 23 July 2016 concerning the audit profession (the “Audit Law”), the Company is classified as a public-interest entity and is required to establish an audit committee. However, the Company's sole business is to act as issuer of asset-backed securities as defined in point (5) of Article 2 of Commission regulation (EC) N° 809/2004. Therefore, it is exempted from the audit committee obligation based on Article 52 (5) c). The Company has concluded that the establishment of a dedicated audit committee or an administrative or supervisory body entrusted to carry out the function of an audit committee is not appropriate for the nature and extent of the Company's business which consists merely of an interest in assets to which the limited recourse Notes issued are linked. Furthermore, the Company operates in a strictly defined regulatory environment (e.g. Securitisation Law, CSSF supervision, listing on EU-regulated market) and is subject to respective governance mechanisms.

## Directors Statement

The directors who held office during the period from 1 May 2019 up to the date on which these audited annual accounts were approved are as shown below (the “Directors”)

Marketa Stranska  
Rolf Caspers  
Sandra Bur  
Alexandra Fantuz

*Appointed 30 October 2019*  
*Resigned 30 October 2019*

The Directors did not hold any shares or debt in the Company at the year end, through the financial year or until the date on which the annual reports were approved.

The Directors are responsible for preparing the management report and the annual report in accordance with applicable law and regulations.

The Directors have prepared the annual report in accordance with generally accepted accounting principles, legal and regulatory requirements in force in the Grand-Duchy of Luxembourg. The annual accounts are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year.

In preparing these annual accounts, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the annual accounts on the going concern basis unless it is inappropriate to presume that the Company will continue in business, in which case there should be supporting assumptions or qualifications as necessary.

The Directors confirm that to the best of their knowledge, the annual report is prepared in accordance with the applicable set of accounting standards and give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and that the Management Report includes a fair review of the development and performance of the business and the position of the Company, together with a description of the principal risks and uncertainties that it faces.

By order of the Board

### **Our opinion**

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of Landmark Capital S.A. (the "Company") as at 30 April 2020, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

#### *What we have audited*

The Company's annual accounts comprise:

- the combined balance sheet as at 30 April 2020;
- the combined profit and loss account for the year then ended; and
- the notes to the annual accounts, which include a summary of significant accounting policies.

---

### **Basis for opinion**

We conducted our audit in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the EU Regulation No 537/2014, the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the annual accounts" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts. We have fulfilled our other ethical responsibilities under those ethical requirements.

To the best of our knowledge and belief, we declare that we have not provided non-audit services that are prohibited under Article 5(1) of the EU Regulation No 537/2014.

## Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts of the current period. These matters were addressed in the context of our audit of the annual accounts as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Derivative financial instruments are valued at fair value and consist of, respectively, swaps, which are used to economically hedge the structured notes issued (Note 16). The valuation of these derivatives is determined by using valuation models and often involves the exercise of judgement and the use of assumptions and estimates.</p> <p>For a full description of the valuation models applied to the derivative financial instruments, we refer to the model description included in the notes to the accounts. For the valuation of some instruments, there is also limited availability of observable prices or rates.</p> <p>We consider the valuation of the derivatives as key audit matter, given the magnitude of these positions and the complexity of the valuation models applied. If the estimates or assumptions used should significantly change, the resulting differences could materially affect the fair value of the derivative financial instruments.</p> | <p>We tested the valuations of the derivative financial instruments by reconciling them with the valuations we obtained directly from the management’s third party valuation expert (the “management’s expert”).</p> <p>We have performed the following procedures in order to assess the reliability of the valuations provided by the management’s expert as audit evidence:</p> <ul style="list-style-type: none"> <li>• Evaluating the management expert’s competence, capabilities and objectivity. This included a discussion with the management’s expert on the valuation process, valuation governance structure and oversight over the valuation process;</li> <li>• Obtaining an understanding of the valuation methodology and the processes and controls in place at the level of the management’s expert with respect to the valuation of the derivatives;</li> <li>• Assessing the appropriateness of the valuations prepared by the management’s expert and the underlying methodology and models applied for the different product types of derivatives.</li> </ul> <p>On a sample basis, that covered each type of valuation models used, we have re-performed an independent valuation to assess the reasonableness of the computed fair value. With respect to the inputs used for the valuation of the derivatives, this included independently sourcing of the external and internal data for the sample selection.</p> <p>We involved our internal valuation specialists to assist us in performing the above procedures.</p> <p>We finally assessed the adequacy of the disclosures in the annual accounts.</p> |

## **Other information**

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report including the management report and the Corporate Governance Statement but does not include the annual accounts and our audit report thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of the Board of Directors for the annual accounts**

The Board of Directors is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## **Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the annual accounts**

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;
- conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the annual accounts of the current period and are therefore the key audit matters. We describe these matters in our audit report unless law or regulation precludes public disclosure about the matter.

## **Report on other legal and regulatory requirements**

The management report is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

The Corporate Governance Statement is included in the management report. The information required by Article 68ter Paragraph (1) Letters c) and d) of the Law of 19 December 2002 on the commercial and companies register and on the accounting records and annual accounts of undertakings, as amended, is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

We have been appointed as “Réviseur d’Entreprises Agréé” of the Company by the Board of Directors on 23 August 2019 and the duration of our uninterrupted engagement, including previous renewals and reappointments, is 5 years.

## **1. ORGANISATION**

Landmark Capital S.A. (hereafter the “Company”) was incorporated on 28 April 2016 and is organised under the laws of Luxembourg as a public limited liability company (société anonyme) having the status of a securitisation company (société de titrisation) within the meaning and is subject to the Law of 22 March 2004 on securitisation (the “Securitisation Law”).

The Company is established for an unlimited period of time and is registered under R.C.S in Luxembourg B 205943. The registered office of the Company is established in 5, Heienhaff, 1736 Senningerberg, Luxembourg.

The Company’s financial year starts on 1 May and ends on 30 April of each year.

Furthermore, the Company is a securitisation undertaking supervised by the CSSF. The Company can create compartments. Each compartment shall issue debt instruments (the “Notes”) (each separate issuance a “Series”) under a limited recourse secured securities programme (the “Programme”). Each Series of debt instruments may be issued as fixed, floating, or zero coupon instruments backed by and linked to the performance of government or corporate obligations as well as asset swaps, interest rate swaps, credit default swaps, total return swaps, warrants and repo loans. The swap counterparty for each Series is likely to be Credit Suisse AG, Singapore Branch and the compartment may enter into a two way credit support annex for any particular Series. Each Series will be closed ended and as such, frequent valuations of each Series will not be published.

For each Series, the Company may submit a prospectus to be approved by the Central Bank of Ireland as competent authority under the Prospectus Directive and the Series debt instruments may be listed on the Irish Stock Exchange requiring the Company to provide additional reporting under the Transparency Directive.

The corporate purposes of the Company are to enter into, perform and serve as a vehicle for, any securitisation transactions as permitted under the Securitisation Law.

The Company may acquire or assume, directly or through another entity or vehicle, the risks relating to the holding or ownership of claims, structured deposits, receivables and/or other goods, structured products relating to commodities or assets (including securities of any kind), either movable or immovable, tangible or intangible, and/or risks relating to liabilities or commitments of third parties or which are inherent to all or part of the activities undertaken by third parties, by issuing securities (valeurs mobilières) of any kind whose value or return is linked to these risks.

The Company may assume or acquire these risks by acquiring, by any means, claims, deposits, receivables and/or other goods, structured products relating to commodities or assets, by guaranteeing the liabilities or commitments of third parties or by binding itself in any other way. The method that will be used to determine the value of the securitised assets will be set out in the relevant issue documentation proposed by the Company.

## **1. ORGANISATION (continued)**

The Company may, within the limits of the Securitisation Law, proceed, so far as they relate to securitisation transactions, to (i) the acquisition, holding and disposal, in any form, by any means, whether directly or indirectly, of participations, rights and interests in, and obligations of, Luxembourg and foreign companies, (ii) the acquisition by purchase, subscription, or in any other manner, as well as the transfer by sale, exchange or in any other manner of stock, bonds, debentures, notes and other securities or financial instruments of any kind (including notes or parts or units issued by Luxembourg or foreign mutual funds or similar undertakings and exchangeable or convertible securities) and receivables, claims or loans or other credit facilities and agreements or contracts relating thereto, and (iii) the ownership, administration and management of a portfolio of assets (including, among other things, the assets referred to in (i) and (ii) above) in accordance with the provisions of the relevant issue documentation.

The Company may, within the limits of the Securitisation Law and for as long as it is necessary to facilitate the performance of its corporate purpose, borrow in any form and enter into any type of loan agreement.

It may issue, to the public or otherwise, securities in the form of notes, bonds (including exchangeable or convertible securities and securities linked to an index or a basket of indices or shares), debentures, certificates, shares, beneficiary shares, warrants and any kind of debt or equity securities, including under one or more issue programmes.

The Company may, within the limits of the Securitisation Law, give guarantees and grant security over its assets in order to secure the obligations it has assumed for the securitisation of those assets or for the benefit of investors (including their Trustee or representative, if any) and/or any issuing entity participating in a securitisation transaction of the Company.

The Company may not pledge, transfer, encumber or otherwise create security over some or all of its assets or transfer its assets for guarantee purposes, unless permitted by the Securitisation Law.

The Company may enter into, execute and deliver and perform any swaps, futures, forwards, derivatives, options, repurchase, stock lending and similar transactions for as long as such agreements and transactions are necessary to facilitate the performance of the Company's corporate purpose.

The Company may generally employ any techniques and instruments relating to investments for the purpose of their efficient management, including, but not limited to, techniques and instruments designed to protect it against credit, currency exchange, interest rate risks and other risks.

The descriptions above are to be understood in their broadest sense and their enumeration is not limiting. The corporate purpose of the Company shall include any transaction or agreement which is entered into by the Company, provided it is not inconsistent with the foregoing enumerated purposes.

In general, the Company may take any controlling and supervisory measures and carry out any operation or transaction which it considers necessary or useful in the accomplishment and development of its corporate purpose to the largest extent permitted under the Securitisation Law.

## **1. ORGANISATION (continued)**

In accordance with the Company's articles of incorporation, the Board of Directors are authorised to create one or more compartments, each corresponding to a distinct part of the Company's assets and liabilities. As at the current financial year end there were 78 active compartments. In the prior year there were 79 active compartments.

Each compartment corresponds to a distinct and segregated part of the Company's assets and liabilities, and in addition, (i) the rights of instrument holders of a compartment are limited to the assets of such a compartment, and (ii) the assets of a compartment are exclusively available to satisfy the rights of the instrument holders of such a compartment. In the relationship between the instrument holders, each compartment is deemed to be a separate entity.

For the time being, the particular rights or limitations attached to instruments, as may be specified in the Articles, are the following: if a compartment is liquidated, its assets shall be applied (a) firstly, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts, including any taxes required to be paid (other than amounts referred to in paragraph (b) below) attributable or allocated to such compartments; and (b) secondly, pro rata in payment of any amounts owed, directly or indirectly, sued per compartment, assets will be subject to compliance with any priority of payment arrangement as defined in the relevant appendix applicable to such instruments.

If the realised net assets of any compartment are insufficient to pay the amounts otherwise payable on the relevant class in full the relevant security holders shall have no claim against the Company for or in respect of any shortfall, and shall have no claim against any other compartment or any of the Company's other assets.

The matured compartments have not been liquidated from a legal perspective. They are however completely inactive and hold no more assets or any legal obligations, hence are not disclosed in the individual compartment accounts if they have no current or prior year balances or activity.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **2.1 Basis of preparation**

The annual accounts have been prepared in accordance with generally accepted accounting principles and legal and regulatory requirements in force in the Grand-Duchy of Luxembourg ("Luxembourg GAAP"). Accounting policies and valuation rules are, besides the ones laid down by the Law of 19 December 2002, determined and applied by the Board of Directors.

Due to rounding, numbers presented for the individual compartments disclosed in Note 24 may not add up precisely to the totals provided in the Combined Balance Sheet and Combined Profit and Loss Account.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise their judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts for the period in which the assumptions changed. The Board of Directors believes that the underlying assumptions are appropriate and the annual accounts therefore present the financial position and results fairly.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

### **2.1 Basis of preparation (continued)**

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial period. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### **2.2 Significant accounting policies**

The main valuation rules applied by the Company are the following:

#### **2.2.1. Financial fixed assets and derivatives**

##### **Fair Value Model**

Securities and other financial instruments held as fixed assets and derivatives are initially recorded at purchase price, as further described in Note 16. They are subsequently valued at fair value determined by the valuation methods described in Note 16. The change in the fair value is recorded in the profit and loss account.

##### **CSA Posted Collateral**

In respect of some of the Company's compartments, Credit Suisse ("CS") as Swap Counterparty is able to call collateral from the positions held by the Custodian. The Company retains beneficial ownership of any collateral called, it is therefore still recognised as an asset of the Company. Conversely, CS is also able to post collateral on some of the compartments. Any posted collateral is not recognised as an asset of the Company and as such is not reflected in the Company's books.

#### **2.2.2. Notes issued**

Notes issued by the Company are recorded at the value reflecting the fair market value of the underlying assets and derivatives in order to eliminate accounting mismatches with the underlying assets and derivatives.

Losses during the year as a result of sales, defaults, lower market values or cost may cause a partial reduction on the Notes issued. Such shortfalls will be borne by the Noteholders in inverse order of the priority of payments. Consequently, a provision for value diminution will be made and deducted from the amount repayable of the Notes issued and booked in the profit and loss account as "Other operating income". The opposite is applied for increases of the amount repayable of the Notes and booked in the profit and loss account as "Other operating charges".

#### **2.2.3. Debtors**

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is either uncertain or compromised at the closing date. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

### **2.2 Significant accounting policies (continued)**

#### **2.2.4. Foreign currency translation**

The Company maintains its books and records in Euro ("EUR") and the annual accounts are expressed in this currency.

Transactions in currencies other than EUR are translated into EUR at the exchange rates effective at the time of the transaction. Assets and liabilities expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. At balance sheet date, these assets and liabilities are translated at the exchange rate effective at the balance sheet date.

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange gains and losses for the period are recorded in the profit and loss account.

Short term debtors and creditors are, according to their liquid criteria, translated on the basis of the exchange rate effective at the balance sheet date. The unrealised exchange gains and losses are thus recognised in the profit and loss account.

#### **2.2.5. Provisions**

Provisions are intended to cover losses or debts, the nature of which is clearly defined and which, at the date of the balance sheet, are either likely to be incurred or certain to be incurred but with uncertainty as to their amount or as to the date on which they will arise. Any negative fair value in respect of derivatives is also recognised in provisions.

#### **2.2.6. Interest income**

The Company acquires collateral assets from Credit Suisse International and Credit Suisse AG, Singapore Branch. The collateral assets are purchased with accrued interest where applicable. Interest income is recognised in the profit and loss accounts on an accrual basis.

#### **2.2.7. Other external charges**

Other external charges are charged in the period to which they relate and are reimbursed by Credit Suisse International.

#### **2.2.8. Tax debts**

Provisions for taxation corresponding to the tax liability estimated by the Company and the advance payments for the financial periods are recorded under the "Tax debts" caption. The advance payments are shown in the assets of the balance sheet under the "Other receivables" item.

## **16. FINANCIAL INSTRUMENTS AND ASSOCIATED RISK**

The Company holds financial instruments which may expose the Company to the following risks:

- credit risk
- liquidity risk
- market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Board of Directors (the "Board") has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's Board is responsible for identifying and analysing the risks faced by the Company, setting appropriate controls, monitoring risks and adherence to programme limits.

The principal activity of the Company is the issuance of limited recourse notes, each series of Notes will be issued through a separate compartment created for those Notes. The Company has issued Notes to fund the purchase of Collateral Assets which will be used to fund payments either under the swap agreements or obligations under the Limited Recourse Notes. Any payments under the swap agreements or obligations under the Notes will be specific to the compartment in which the respective series of Notes has been issued.

Credit Suisse International has been appointed as management expert for the valuation of the collateral assets, derivatives and Notes.

Therefore, the role of financial assets and financial liabilities is central to the activities of the Company; the financial liabilities provide the funding to purchase the Company's financial assets within each compartment. Financial assets and liabilities provide the vast majority of the assets and liabilities of the Company along with all the income and expenses except for the series fees.

## **16. FINANCIAL INSTRUMENTS AND ASSOCIATED RISK (CONTINUED)**

### ***Swap Agreements***

The Company has entered into the following types of swap agreements: credit default swaps, interest rate swaps, equity swaps, total return swaps and asset swaps.

Each Swap Agreement involves the exchange by the Company with the swap counterparty of their respective commitments to pay or receive cash flows. For each Swap Agreement entered into by the Company, other than credit default swaps, the Company will pay to the swap counterparty the cash flows it receives from the Collateral Assets in relation to each compartment and the Company will receive from the swap counterparty the cash flows required to pay the coupon or performance on the Notes to the noteholders.

Under the terms of the credit default Swap Agreements entered by the Company, it is the responsibility of the swap counterparty to notify the Company immediately of any credit events that have occurred in respect of the reference entities listed in the credit default swap agreements. The Company receives from the credit default swap counterparty periodic cash flows as payment for the credit risk taken by the noteholders of the respective compartment containing the credit default swap.

As at the balance sheet date for the current year and at the date of the signing of these annual accounts, no credit events have occurred under the credit default swap agreement.

### ***Market Risk***

Market risk embodies the potential for both loss and gains and includes currency risk, interest rate risk and price risk. The Company's exposure to such risks is outlined below.

### ***Currency Risk***

Currency risk covers the potential for both loss and gains as a result of changes in exchange rates. The Company is not exposed to any significant net currency risk. Each compartment's noteholder assumes all currency risk arising from the respective compartment the noteholders invest into.

For the majority of the Series of limited recourse notes, the financial assets and liabilities are denominated in identical currencies and therefore there is no net exposure to currency risk for the Company. In the compartments where the denominated currency of the limited recourse notes differs from the currency of the investments, the Company has entered into one or more Swap Agreements that have the effect of matching the currency of the assets to the liabilities, and therefore no net currency risk exists for the Company.

### ***Interest Rate Risk***

Interest rate risk covers the potential for a change in the value of assets resulting from the change in interest rates. The Company is not exposed to any significant net interest rate risk. Each compartment's noteholder assumes all interest rate risk arising from the respective compartment the noteholders invest into.

## **16. FINANCIAL INSTRUMENTS AND ASSOCIATED RISK (CONTINUED)**

### ***Interest Rate Risk (Continued)***

For the majority of Notes issued, the Company has entered into Swap Agreements whereby all interest received on the underlying Collateral Assets is passed to the swap counterparty in exchange for the required payments to the compartment's noteholders.

Otherwise, all other Notes issued are pass-through Notes where the compartment's noteholder's entitlement to interest and all other payments on each Note is exactly matched to the Company's entitlement from the assets relating to that particular compartment and therefore no net interest rate risk exists for the Company.

### ***Other Price Risk***

Other price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual instrument, its issuer or all factors affecting all instruments traded in the market.

The Company is not exposed to any significant net other price risk. Each compartment's noteholder assumes all other price risk arising from the respective compartment the noteholders invest into.

Each compartment's noteholder assumes all market risks relating to each compartment's asset or liability, as the value of each note is the equal and opposite value of all the financial assets and swaps relating to that compartment. Therefore, there is no other significant net price risk to the Company, as each noteholder is exposed to the price risk of the respective compartment they invest into.

All of the Company's financial assets and derivatives are carried at fair value with fair value changes recognised in the profit and loss account. The Notes issued by the Company are recorded at the value reflecting the fair market value of the underlying assets and derivatives. Due to the limited recourse nature of the Company, changes in market conditions will not affect net profit within the profit and loss account.

### ***Credit Risk***

Credit risk covers the possibility that an issuer may default by failing to repay principal or interest. The Company is not exposed to any significant credit risk. Each compartment's noteholder assumes all credit risk arising from the respective compartment the noteholders invest into.

The only assets of the Company available to meet the claims of the holders of each Series of Notes will be the Collateral Assets and the Swap Agreements relating to those Series of Notes within their respective compartment.

The Notes issued in each compartment are limited in recourse only to the assets in each particular compartment and therefore the noteholders are exposed to the credit risk of the swap counterparty and the issuers of the securities forming the Collateral Assets of each compartment. No assets were past due either at the balance sheet date or at the date of approving these annual accounts, and no assets were impaired as the assets are fair valued through profit and loss.

The Company has also entered into credit default swaps whereby the noteholders of such compartments will be exposed to the default of reference obligations in addition to the credit risk of the swap counterparty and the issuers of the Collateral Assets.

## **16. FINANCIAL INSTRUMENTS AND ASSOCIATED RISK (CONTINUED)**

### ***Liquidity Risk***

Liquidity risk addresses the possibility that an asset may not be able to be sold quickly enough in order to prevent a loss being made. The Company is not exposed to any significant net liquidity risk. Each compartment's noteholder assumes all liquidity risk arising from the respective compartment the noteholders invest into.

The limited recourse notes payable are being repaid as the Collateral Assets and Swap Agreements mature.

The Notes issued in each compartment are limited in recourse to the assets in each particular compartment. The repayment of the limited recourse notes will only be made from the disposal of the compartment's Collateral Assets, payments under the Swap Agreements or from physical delivery of the Collateral Assets.

The contractual maturity of the Company's compartment's financial liabilities will approximately match the sum of contractual maturity of its compartment's Collateral Assets and Swap Agreements.

Early termination and redemption provisions require that each of the compartment's noteholders is returned an amount which is the sum of the Collateral Assets and the amounts due under Swap Agreements. There will be no other assets of the Company available to meet the outstanding claims of the noteholders, who will bear any shortfall pro-rata to their holdings of Notes.

### ***Fair Value Information***

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price (that is, the fair value of the consideration received). This is usually the issue price of the notes times notional. The full value is allocated to the Collateral Asset while the Swap Agreement has an allocated value of zero except where an upfront payment is defined within the transaction documentation. Individually this may differ from current market prices.

Subsequent changes in the fair value of any financial instrument are recognised immediately in the profit and loss account. The fair value of financial instruments traded in active markets (such as quoted investments) are based on quoted market prices at the balance sheet date.

The Company may invest in financial instruments that are not traded in an active market. The fair value of such instruments is determined by using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Valuation techniques used include the use of comparable recent arm's length transactions, discounted cash flow analysis and other valuation techniques used by market participants.

### ***Estimation of Fair Values***

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Quoted market prices (unadjusted) in an active market for an identical instrument.

Level 2: Valuation technique based on observable inputs, either directly or indirectly.

Level 3: Valuation techniques using significant unobservable inputs.

At 30 April 2020, the carrying amounts of derivative financial assets and derivative financial liabilities were all determined using valuation techniques based on observable inputs or unobservable inputs either directly or indirectly.

As a result of the matched and limited recourse nature of the cash flows and risks associated with the Company's financial instruments, the values of the Company's financial liabilities are dependent upon and equal to the fair value of all the financial assets designated at fair value through profit or loss and the derivative assets and liabilities. Therefore, since the values of the financial liabilities are derived from the financial assets and the derivative instruments, there is no fair value net gain or loss recognised in the profit and loss account for the year ended 30 April 2020.

Securities traded in active market - The fair value of financial assets traded in active markets are based on quoted market prices at the close of trading on the Company's year end date. A financial instrument is regarded as traded in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions entered into an arm's length basis.

The determination of fair values of the Company's financial instruments is based on quoted market prices where these are readily available. However, certain financial instruments, for example, OTC derivatives or unquoted securities are fair valued using valuation techniques, including reference to the current fair values of other instruments that are substantially the same (subject to the appropriate adjustments).

### ***Key sources of estimation and uncertainty in relation to fair values of derivatives***

Derivatives - The determination of the fair value of many derivatives involves only a limited degree of subjectivity because the required inputs are observable in the marketplace, while more complex derivatives may use unobservable inputs that rely on specific proprietary modelling assumptions. Examples of such specific unobservable inputs include recovery rate assumptions for credit derivative transactions.

Where observable inputs are not available, attempts are made to infer values from observable prices through model calibration. For inputs that cannot be derived from other sources, estimates from historical data may be made.

Over – the – counter ("OTC") derivatives where the majority of the value is derived from market observable inputs are categorised as Level 2 instruments, while those where the majority of the value is derived from unobservable inputs are categorised as Level 3.

### ***Key sources of estimation and uncertainty in relation to fair values of derivatives (Continued)***

Interest rate derivatives - OTC vanilla interest rate products, such as interest rate swaps, swaptions, and caps and floors are valued by discounting the anticipated future cash flows. The future cash flows and discounting are derived from market standard yield curves and industry standard volatility inputs. Where applicable, exchange-traded prices are also used to value exchange traded futures and options and can be used in yield curve construction. For more complex products, inputs include, but are not limited to, basis swap spreads, constant maturity convexity adjustments, constant maturity treasury spreads, inflation index correlations, inflation seasonality, single and quanto interest rate correlations, cross asset correlations, mean reversion, serial correlation and conditional prepayment rate assumptions.

Credit derivatives (also including credit linked notes) - Credit derivatives include index and single name CDSs, Total Return Swaps and Asset Swaps (all asset swaps is linked to credit derivatives), in addition to more complex structured credit products. Vanilla products are valued using industry standard models and inputs that are generally market observable including credit spreads and recovery rates.

Complex structured credit derivatives are valued using proprietary models requiring inputs such as credit spreads, recovery rates, credit volatilities, default correlations, cash/synthetic basis spreads and prepayment rates. These input parameters are generally implied from available market observable data.

Fair value estimates are made at a specific point in time, based on market conditions and information about the financial instruments. These estimates are subjective in nature and involve uncertainties and matters of significant judgements (e.g. interest rates, volatility, estimated cash flows etc.) and therefore, cannot be determined with precision. With regard to the fair value estimates applied to early retirement which occurred during the financial year, the fair value as at the month end preceding the redemption date will be applied.

In view of the fact that the Company's financial assets mirror the same terms and conditions of the financial liabilities and having regard to the difference between the bid/offer price, the Board are of the opinion that the total fair value of the Company's financial assets are not materially different from that of its total financial liabilities.

### ***Key sources of estimation and uncertainty in relation to fair values of bonds not traded on an active market***

Valuation methods used for fair values of bonds not traded in an active market include the use of discounted cash flow valuation techniques on the underlying assets. Valuation are adjusted to allow for additional factors including model risk, liquidity risk, credit risk and counterparty risks.

## **Coronavirus disease (COVID-2019)**

The current world wide Coronavirus outbreak commenced in China shortly prior to the reporting date, being notified to the World Health Organisation ("WHO") by China on 31 December 2019, and the situation has continued to evolve throughout the period since the reporting date, being declared by the WHO as a Public Health Emergency of International Concern on 30 January 2020 and as a worldwide pandemic on 11 March 2020.

In the opinion of the Board, the Coronavirus outbreak is not likely to have a material adverse effect on the financial position and results of the Company.

As the Board believes that the Coronavirus outbreak is not likely to have a material adverse effect on the financial position and results of the Company, the Coronavirus outbreak has had no material impact on the Board's going concern assessment. Consequently, these annual accounts have been prepared on a going concern basis.

There were no further important events since the year end which could influence the presentation of the current annual accounts for the year under review.

## **22. REMUNERATION OF THE BOARD OF DIRECTORS**

The directors remuneration is paid by Sanne Group (Luxembourg) S.A. who make no recharge to the Company. No payments were made to the directors by, or on behalf of, the Company. It is therefore not possible to make a reasonable apportionment of their remuneration in respect of the Company. Accordingly, no remuneration in respect of the directors applicable to the Company have been disclosed.
